Mr. Howard Eaton
Ass't. Program Director
WYBC
New Haven Conn.

Dear Howie,

Thanks a lot for your letter of the 31st. It expressed about the same reaction that we had at WDBS. We received three postcards from the listeners, and that is exceptional for this audience. All were favorable and hoped that we would continue with similar programs. Needless to say the boys on the staff were impressed.

Most of us have not heard WYBC outside of this program, but from those who have and those who heard the interview there seems to be a lot of good reports. We learned from listening to your show and from doing our own, so that in the future things will improve.

As a sidelight, just a few hours after we recorded the show, one of the boys came up with some records by the Harvard band which had a lot of good Dartmouth music. The music we used on the interview had been informally recorded during a pre-game rally, and the tape was not in good condition, as you could hear from the skips and interference at various points. It's too bad we didn't have the records beforehand as they would have improved the program a good deal.

We, too, are working with Charlie Wulfing and plan to exchange shows with WPRU before the Princeton game. This whole idea seems to be fairly great, and I hope we can do it with the other sports. When basketball gets going, I'll get in touch with you again, and we'll see what can be worked out.

Thanks again for the show, and give our congratulations to all those who worked on it.

Sincerely,
Bill
